## Editor's comment

What can you build? The answer depends on location – England, Scotland and Wales each have different options and restrictions for woodland builds – and we hope our Woodland Shelter pages help lead you to answers.

Woodland activity tends to go uncelebrated (except here at *Living Woods*, of course, we love your stories). Not any more. The new annual Woodland Awards launch this month on p 17. Nominate someone or a group you admire. Nominate yourself. Just do it before the end of July.

Longer days are here. We look forward to meeting you at wood fairs and other gatherings this spring.

Let us know what you think.
